

# FORSIGHT GROUP

---

FORSIGHT works on three departments

1. Consulting
2. Outsourcing
3. Technology

## Consulting

We promote entrepreneurship in the country by helping enterprising people to form their business organization to a legally recognized one. We provide professional advice on various matters which relates to starting of any company and on obtaining various licenses under different statutes.

We undertake

- Company Registrations
- Firm Registrations
- Trade Licenses
- Trade Marks Registrations
- Registrations under, ESIC, EPF, Shop & Commercial Establishments
- Registrations under Contract Labour Act, Building & Other Construction Workers Act & Inter-state Migrant Workers Act
- Registration & Licenses under FSSAI Act
- License under Private Security Agency Act
- Registration under Income Tax & GST

## Outsourcing

We support our clients on the way of their growth by taking care of their entire legal compliance outsourced. This leaves our clients to focus on their core business areas. This area of our services leaves the entrepreneur hassle free with a minimum cost.

We undertake

- Payroll calculation complied with different statutes and end to end management of the same with Bank transfer.
- Monthly payments of ESIC, EPF, WWF, Service Tax, Sales Tax, TDS, Cess etc.
- Preparation of various statutory registers like Wage Register, Muster Roll Service Record, Wage Slip, Fines Register ETC.
- Submitting various returns under different statutes
- Making sure various compliance requirements through regular audits.

## Technology

We believe that any business should always leverage the technological advancement in the country and the whole world. Our department is a bridge to pass the technological innovations benefit to our clients.

With the use of latest mobile telecom and web application technology we introduced two real time products

- **My Payroll Master** : A completely online, real-time HR Management software for Employee Database, Payroll Processing, Attendance & Leave Management with integration to bio metric devices and mobile application
- **My Projects Master** : This project management software helps organizations to manage individual site wise profitability and track the field activities through a single portal with expense management and direct billing module integration

We also undertake design & development of softwares, web applications, responsive web pages etc.
